\$1,895.00

HIGHLEAD GC2698-1 Small Cylinder Arm Walking Foot Sewing Machine with Synchronized Binder

Â

GC2698 series

Cylindrical bed compound feed lockstitcher

HIGHLEAD

SEWING MACHINE

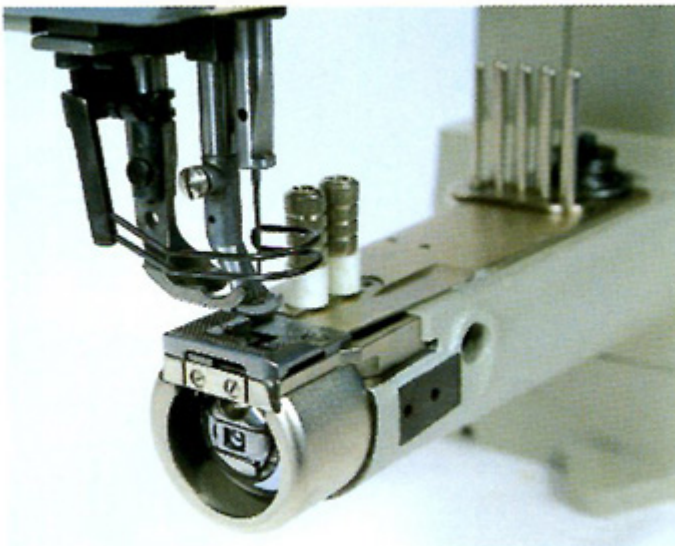

Â

Introducing the HIGHLEAD GC2698-1 Small Cylinder Arm Lockstitch Sewing Machine with Walking Foot, Synchronous Binder.Â This machine uses the exact same feed and binder motion system as the PFAFF 335 and cloned type machines. It employs both needle and compound feed to give positive feeding and uniform stitching on all types of application.Â Â Ideal for use on Leather Goods, PVC, Nylons, Cordura and all difficult to bind workpieces. Small Cylinder Arm design allows binding on tight radius corners.

Â

Using a synchronous motion, the close fittingÂ binding folder moves backwards and forwards with the feed mechanism to ensure constant accurate sewing of the binding tape. Can be used with Polyester, PVC and Leather Edge Bindings on Shoes, Luggage andÂ Automotive Parts etc.Â Perfect for Binding Household and Light Quilted Goods like Placemats and Oven Gloves.

Â
