JUKI DDL-8700-7 Automatic Single Needle Lockstitch Industrial Sewing Machine w/ CP-180

\$1,795.00

JUKI DDL-8700-7 Automatic Single Needle Lockstitch Industrial Sewing Machine w/ CP-180

Â

This is one of the most popular and best built full automatic single needle machines on the market.Â Designed to sew a variety of materials with beauty and efficiency.Â Ideal for high speed and high volume production.

Thanks to its low vibration and low noise feature, the machine head provides the operator with a comfortable work environment. In addition, the distance from the machine arm to the needle on the front of the machine head is sufficiently wide to allow easy handling of the sewing material.

The machine inherits the desirable features, such as high-speed stitching performance 5,500rpm, extreme stitching performance, ease of operation, and reliability, from the highly evaluated previous JUKI lockstitch machines.
