\$2,550.00

## THOR Leather and Upholstery Double Needle Walking Foot Sewing Machine

Â

Copy of the LU-1560N

Â

(Contact us for other available gauge sizes)

Â

### APPLICATIONS:

Â

For sewing medium to heavy weight materials such as fabrics, leather, vinyl, synthetics, laminated and coated products. Suitable for sewing such products as cargo handling belts, containers, automobile upholstery, covers, sails, tents, camping trailer covers, awnings, hand bags, etc.

Â

Â

## **FEATURES:**

Â

This double needle machine has a dual tension mechanism, with which the machine can support high tension sewing with thick thread. This means that the machine produces seams of excellent quality on a broader range of materials, extending from light to heavy weight materials. Â,

Â

The high 16mm presser foot lift enables easy material handling for heavy sewing. Âf

Â

The 1560sâ€™™ maximum stitch length of 2 Â½ stitches per inch allows a broader range of uses, such as awnings and sacks.

Â

The stitch length is easily adjusted by the stitch dial.

Â

The 1560 has a unique feature which allows the user to simply dial in the walk height of the Walking Foot. This prevents the Walking Foot from snagging on thicker material.

Â

## **TECHNICAL SPECS:**

Â

APPLICATION:For Heavy Materials

MAX SEWING SPEED: 2,500 SPM

NEEDLE GAUGE: 3/8" Installed - Other Gauges Available

MAX STITCH LENGTH: 9mm Forward/Reverse (2 1/2 Stitches Per Inch)

NEEDLE BAR STROKE: 36mm

FOOT LIFT: 16mm by Knee, 9mm by Hand

WALKING FOOT HEIGHT ADJUSTMENT DIAL: Standard

THREAD TAKE UP: Slide Type

HOOK: Horizontal Axis DOUBLE Capacity Hook with U Style Bobbins

NEEDLE: 135x17

THREAD: TEX 40 to TEX 210

FEED ACTION: Complete Rectangular Feed

NEEDLE THREAD TENSION: DUAL Tension Method

STITCH LENGTH CHANGE METHOD: By Dial SAFETY

MECHANISM: Standard

LUBRICATION: Centralized Oil Wick Lubrication (Automatic Hook Lubrication)

**MACHINE SETUP:**

Â

This machine ships complete and fully assembled - ready to sew upon arrival.

Â

It includes:

Â

Machine Head

Table Top

Heavy Duty Stand

SERVO Motor

LED Light

Manuals

Extra needles, bobbins, and tools.

Â

**MOTOR & VOLTAGE:**

Â

This machine is equipped with a SERVO motor operating on standard 110 Volts power.

Â

**WARRANTY:**

Â

1 Year Warranty
